

H PE VILLAGE EUROPE

Hope Village is an orphanage in Namibia that, since its foundation in 2004, has provided a home and a bright future for almost 100 neglected and underprivileged children. Here, they receive more than just food and a bed; they grow up in a warm and loving environment, receiving as much personal attention as possible for their individual development and well-being. In particular, Hope Village supports children who are victims of the HIV/AIDS pandemic. In a country like Namibia, where 20 % of the population is HIV positive, the number of AIDS orphans will only increase and projects like Hope Village become more and more vital.

However in order to continue to look after the children currently in their care, Hope Village needs your help! Most donors prefer to donate larger goods like a building, a car or a washing machine. Unfortunately Hope Village is struggling to find donors willing to help with the most vital expenses of all, the day-to-day operational costs, including food.

The Hope Village Europe Foundation was created by Hope Village volunteers who have recognized this problem and, on their return home, resolved to do something about it. We as volunteers believe that established, proven and well-functioning projects like Hope Village must have the support they need to continue their incredible work and therefore we decided to start supporting Hope Village financially with the monthly operational costs.

Hope Village Europe donors are volunteers and their friends and family. As such you know and can track exactly where your money goes. The Hope Village Europe Foundation is entirely volunteer-run, so you can be sure that your donations are directly invested in the children. Are YOU in?
